

Memo To: Sumner Township Residents

Date: December, 2019

From: Sumner Community Foundation Board

RE: WHAT IS THE SUMNER COMMUNITY FOUNDATION

The Sumner Community Foundation is the result of a 2015 agreement between the Town of Sumner and Source Energy Services. For each ton of wet sand shipped from their mine east of Cameron, SES will contribute 20 cents to the Foundation.

The purpose of the Foundation is "...to grow and maximize earnings, ...to be used for the benefit of, and to enrich the lives of the residents of the Township of Sumner, Barron County, Wisconsin."

This year Sumner Community Foundation received \$356,242.59 from Source Energy Services. In February 2020, we anticipate a greatly reduced contribution based upon reduced 2019 production. According to the Foundation's Investment Policy Statement, no less than 80% of each year's contribution will be invested to create a perpetual Endowment Fund. Up to 20% of the 2019 contribution will be awarded to efforts to improve the lives of the people of Sumner Township. For additional details about the Foundation, (By-laws, Investment Policy Statement, Request for Proposals, and the Grant Application Request Form, etc.) go to <http://www.townofsumner-wi.com/wp-content/uploads/2017/12/Grant-Appication.pdf>
